

The ways to disseminate the results of the project are:

Already in September 2019 we included the goals and objectives of the Project in the Annual Comprehensive Plan and in the Plan for the qualification activity of the kindergarten and all teachers were acquainted with them and the activities in which they will participate.

- Publications in the media
- Work with parents

At the first parent meetings the parents were acquainted with the goals and objectives of the project. Then we made a Plan for the activities in which they will participate in the two years during the project. 165 children and their families took part in the activities.

- Visual materials

Back in September 2019, we made a corner of the project in one of the lobbies with materials related to it, so that it can be seen by everyone entering the Kindergarten.

In the corridors and in the groups we also made boards with photos, cards and other materials related to the project activities, which we periodically renewed with new ones.

We made power point presentations of the activities on the experiments with movements and words.

- **Publicity**

With the partners we created a page of the Project in Etwinning and Twinspace, where we uploaded photos, videos and other materials related to the activities and events. Publications on the Kindergarten Site.-
